### Canadian Championships in Men's & Women's Artistic, Trampoline and Rhythmic Gymnastics

The Combined Canadian Championships is a quadrennial event that combines the Canadian Championships of Men's & Women's Artistic (MAG & WAG), Trampoline (TG) and Rhythmic (RG) Gymnastics. It is a six day event held at the end of May. On average, this event hosts over 600 athletes, 200 coaches, and 90 judges.

The Combined Canadian Championships showcase the six MAG events: floor exercise, pommel horse, rings, vault, parallel bars, and the horizontal bar, as well as the four WAG events: vault, uneven bars, beam, and floor exercise. On the trampoline side, individual trampoline, synchronized trampoline, double-mini trampoline and tumbling are showcased. Finally on the rhythmic side the athletes demonstrate their floor work to music using four of the following apparatus depending on their category: free routine, rope, hoop, ball, clubs, or ribbon.

## COMPETITION VENUE

For the Combined Canadian Championships the following minimum venue requirements must be met.

### Minimum size of competition/training venues:

- **Competition Venue – Combined:** 50,000 square feet (500 feet long x 100 feet wide), column free. These dimensions are only for the field of play and do not include seating and all ancillary spaces.
  - **Competition Area Breakdown:**
    - MAG & WAG: 28,000
    - TG: 15,000
    - RG: 7,000
- **Training Venue - Combined:** 30,000 square feet (300 feet long x 100 feet wide), column free

Distance between the competition and training venue may not exceed a 2 minute walk (inside).

\*\*It is recommended to have the MAG and WAG competition floors elevated on podium (staging). This at the cost of the LOC. The above venue sizing does not take into consideration the addition of a podium.

**Minimum ceiling height:** 32 feet or 10 metres (46 feet or 14 meters is ideal) from the lowest hanging point.

**Lighting:** should be indirect with halogen or halide being the best; fluorescent is not great; 540 lux (or 50 foot-candle) is much too low; 100 foot-candle is good. A competition space without windows is preferable; if there are windows, they should not be on the west side and preferably covered.

**Preferable Temperature:** Appropriate ventilation system to keep temperature between 21° and 23° C.

**Minimum Seating:** 4000

### Ancillary facilities:

- 1 LOC office;
- 4 judges' meeting rooms:
  - MAG: minimum of 40 people each;
  - WAG: minimum of 40 people each;
  - TG: minimum of 30 people each;
  - RG: minimum of 20 people each;
- Storage room or storage area for GCG equipment;
- 1 media room or area where media may work;
- 1 volunteer room;
- VIP area;
- Protocol area;
- Hospitality areas for coaches, judges, volunteers and VIPs;
  - For RG it is important that the judges' hospitality room be separate from the coaches.

- At the end of the training day: a room/area for the technical meetings of each discipline that can accommodate up to:
  - MAG: 50 people;
  - WAG: 120 people;
  - TG: 75 people;
  - RG: 40 people.
- Vendor space at spectator entrance;
- Additional meeting rooms may be required depending on schedule.

**Electrical Power:** Multiple power sources will be needed for the event. The amount of power connections, extensions cords and power bars will depend on the floor plan. Contracting a company to properly run power on the field of play is recommended.

At a minimum power will be required at each judges table, each discipline head tables, GCG table, each discipline scoring tables, music/announcer and webcast table.

**Internet connection:** a dedicated internet line of at least 55Mbps is required to run the webcast and scoring systems. It would be preferred to have separate lines for the webcast (40Mbps) and each scoring system (3Mbps each).

**Parking:** 1000+ (free if possible).
